PARENT INFORMATION

Our Link Book enables us to communicate together every day. Your child's class teacher/TA will write a daily summary, sharing things that have gone well and any issues or concerns. This will hopefully give you some insight into how your child's day has been.

We also include the zone of regulation colours for each session. This is just to give you a sense of how your child has felt throughout the day. Please remember, that there are no right or wrong zones – they each just show feelings.

These are the type of feelings for each of the Zones of Regulation

Underneath the coloured Zones of Regulation, we will let you know if your child had a crisis incident (displaying behaviour that is too unsafe for the classroom). This will be shown by a 'C' in the box. If your child needed physical intervention from our staff to help keep them safe, we will let you know by showing a 'P' in the box.

If ever you have any questions or concerns about any aspect of your child's day we would encourage you to contact us so that we can discuss these with you.

It is really important to sign the Link Book every day so that we know that you have read any messages/comments. There is also a space for you to share any information with us and we welcome any comments.

We hope you find the Link Book useful and enjoy reading about your child's day.
