Statement of intent

The Beacon Pupil Referral Unit (PRU) is dedicated to providing equal opportunities for all pupils, regardless of their financial background. To uphold this commitment, we have developed the following policy and procedures to ensure that no child is excluded or disadvantaged by our provision of school trips, activities, or educational enhancements.

Acknowledging the important role that a wide variety of additional activities play in enhancing pupils' personal and social development, the Management Committee at The Beacon Primary Pupil Referral Unit has decided that no charges will be applied for any activities or resources that pupils participate in or use during their time at The Beacon
